

EU Citizens Support

**Have you applied to remain
in the United Kingdom yet?**

**Our EU Citizens
Support Service
is here to help**

How can we help

Every EU citizen, and every family member of an EU citizen, children included, needs to make an application to remain in the UK after Brexit.

The EU Citizens Support service can help you if you live in Perth and Kinross, Dundee and Angus.

We can make that application process as easy and as accessible as possible, offering support with all matters, no matter how big or small.

The service is entirely free and confidential, and translation services can be made available.

We have flexible appointment times, and can accommodate families in one visit.

Appointments can be arranged in person or over the phone with your local bureau:

Perth tel: 01738 450581

Dundee tel: 01382 307494

Arbroath tel: 01241 870661
